

New Beginnings - Genesis 1

Sunday, January 2, 2011

“There are people who believe the Bible is inspired only in spots and that they are inspired to pick the spots.” W. A. Chriswell

Genesis 1:1 In the beginning God created the heavens and the earth.

The other alternative: *“In the beginning was a quantum fluctuation in the primordial state of nothingness.”*

Genesis fills the gaps:

From nothing to s_____.

From matter to l_____.

From animals to h_____.

Singularity: A point of infinite density and infinitesimal volume, at which space and time become infinitely distorted according to the theory of General Relativity. According to the big bang theory, a gravitational singularity existed at the beginning of the universe. –Dictionary.com

Next Steps:

___ I will read the Book of Genesis through in 2011, one chapter a week.

___ I will also read through the New Testament with the church family this year.

___ I will open my mind and heart to allow God to do his creative work in my life.

___ Other: _____
